

I am joining forces with those who are writing to urge to you to stop phone companies from imposing misleading charges on my monthly phone bill. I support the petition filed by the National Association of State Utility Consumer Advocates and endorsed by other consumer advocacy organizations, including CU. This petition, CG Docket No. 04-208, Petition for Declaratory Ruling Regarding Truth-In-Billing and Billing Format, is long overdue. Phone bills should be truthful, easy to read and easy to understand. Competition will not work if consumers cannot accurately compare prices. The FCC should immediately grant the NASUCA petition to investigate carrier practices related to line item charges on bills for wireline and wireless phone service; to declare certain practices in violation on the Commission's "Truth in Billing" Order and to prohibit carriers from imposing separate monthly fees, line items or surcharges unless expressly mandated by law or the charge is expressly authorized by a governmental authority.
